LEADERSHIP

We believe in diversity, however our strength comes from unity.

KAMIYA Jean Marie Vianney

Mr. Kamiya's experience varies from academic research, to practice in the role of Designer, and Architect Project Manager. Before joining graduate school, Mr. Kamiya practiced in several countries of the Central African region. He joined the Lupton Rausch Architecture + Interior Design in 2005 to prepare a joint venture in Africa. He briefly worked for the Consortium OZ ARCHITETURE and TETRA TECH during the elaboration of the preliminary design for Kigali and Rwamagana/Rwanda masterplans and finally founded GMK Architecture Ltd that has head-office is in Kigali-Rwanda and offices in Bujumbura Burundi and Bamako-Mali.

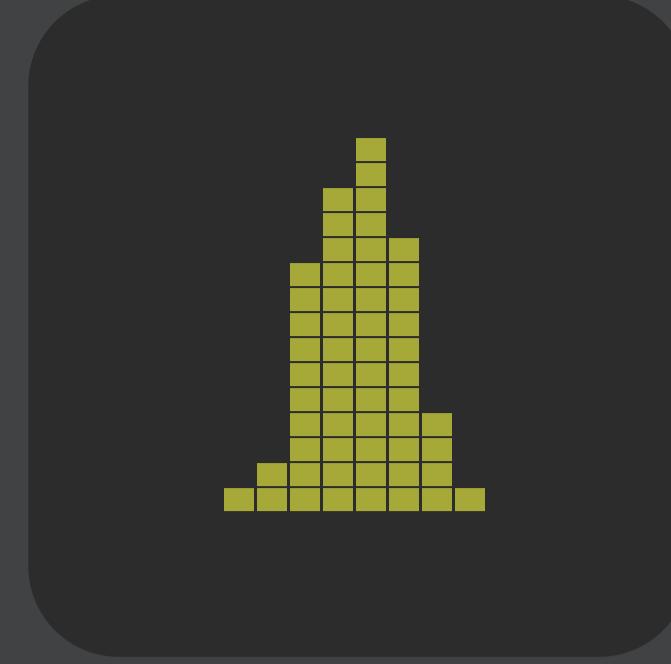

His research and professional skills in both architecture design and urban planning provide him with the critical balance between design
